Organization Profile/Description

The Weston A. Price Foundation (WAPF) is your source for accurate information on nutrition and health, always aiming to provide the scientific validation of traditional foodways. People seeking health today often condemn certain food groups — such as grains, dairy foods, meat, salt, fat, sauces, sweets and nightshade vegetables — but the Wise Traditions Diet is inclusive, not exclusive.

We show you how to include all these nourishing traditional foods in your diet through wise choices and proper preparation techniques. The result is vibrant health for every age of life, including the next generation.
